

OUR KENNELS

As we progress toward our vision for the future, 2017 saw the construction of a newly operational puppy quarantine kennel at our current facility in Aiken, SC.

In addition to our general boarding area, which can currently house as many as 50 dogs, this kennel allows us to save even more pups who are too young for general population. It boasts a complete HVAC and drainage system.

OUR TEAM

Our full-time professional staff at our Aiken, SC facility feeds, socializes, and begins training each and every one of our rescue dogs in preparation for finding their forever homes up north, giving them all the one-on-one attention they deserve.

Our team includes an on-staff veterinary technician, a groomer, and multiple kennel technicians, all of whom play a vital role in our dogs' journeys.

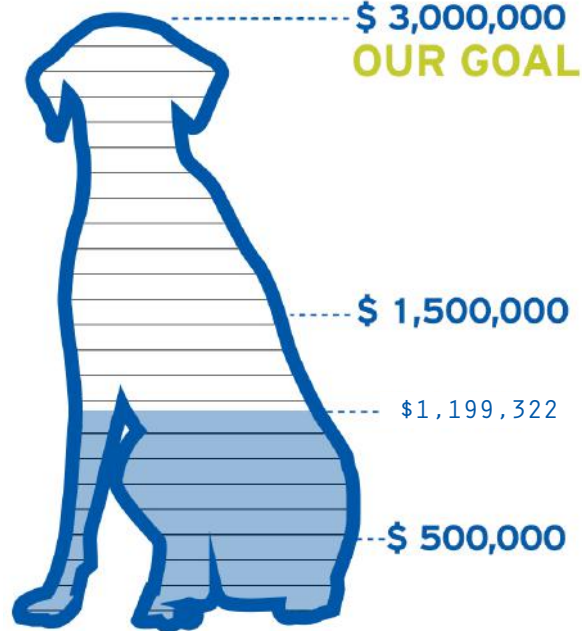

TRANSPORT

Once a dog has visited our Aiken property and is ready for travel northward, he or she then boards a transport van or volunteer rescue flight to New Jersey!

Upon arriving, they enter our unprecedented foster network and begin the search for forever homes.

OUR GOAL

THE FUTURE

WHO WE ARE

Home for Good Dog Rescue's mission is to rescue homeless dogs from high-kill shelters in the South, socialize, care for, and provide them life-saving medical care at our property in Aiken, SC, transport them to our rescue in New Jersey, nurture them in our network of foster families and finally adopt them into loving homes, giving them a second chance at life.

We are a unique 501(c)(3) non-profit organization founded in Summit, NJ and headquartered in Berkeley Heights, NJ. As an unprecedented 100-percent foster-based operation, we place each dog we rescue into a loving volunteer foster home until adoption, and since our inception in 2010, we have successfully matched more than 5,700 dogs with loving homes for good.

OUR PROPERTY

Did you know we already operate out of Aiken, SC? Right in the heart of our rescue efforts, we currently boast a fully functional

kennel, quarantine areas, and full staff, responsible for the well-being of each and every one of our rescue dogs. There's even an on-site veterinary technician!

Home for Good's unique rescue property, which we purchased in 2014, spans 10 fenced-in acres and allows dogs of all breeds and backgrounds the opportunity to run, to play, and to grow in a safe environment, all before traveling to New Jersey.

OUR VISION FOR THE FUTURE

While we are already saving thousands of lives from today's Aiken facility, we envision being able to double or even triple that number! The proposed Almost Home Wellness Center, which we plan to one day build on this property, will not only provide interim medical care and boarding, but also tackle the root causes of dog overpopulation through community outreach and education programs. Together, we can make its vision a reality!

OUR PROCESS

Our proven rescue process, illustrated here, is already in action in Aiken, SC! Together, we can expand its scale through our vision for Almost Home.
